CALENDAR

1943

Commencement Exercises .. 10:00 a.m., Wednesday, May 19

Summer Session Opens ..... Monday, May 24
Summer Session Closes ..... Saturday, July 2

Training School Opens ..... Monday, August 30
Academy Opens ..... Tuesday, September 7
Registration for Fall Semester .. Tues.-Wed., September 7-8
College Entrance Examinations .... Tuesday, September 7
Freshman Registration ..... 1:00 p.m., Tuesday, Sept. 7
Sophomore Registration ..... 8:00 a.m., Wed., September 8
Classes Begin ..... 8:00 a.m., Thur., September 9
Last Day to Register for Maximum Credit ..Thur., Sept. 16
Last Day to Register for Credit ..... Wed., October 6
Founders Day ..... Thursday, October 7
Thanksgiving ..... Thursday, November 25
Christmas Vacation Begins ..... Friday, December 17

1944

Classes Resumed ..... Monday, Noon, January 3
Semester Examinations .. Wednesday-Friday, January 12-14

Registration of New Students .. 1:00 p.m., Mon., January 17
Registration of Fall Semester Students, 8 a.m. Tues., Jan. 18
Classes Begin ..... Wednesday, January 19
Last Day to Register for Maximum Credit .. Wed., Jan. 25
Last Day to Register for Credit .. Wednesday, February 15
Baccalaureate Service ..... 7:30 p.m., Sunday, May 15
Spring Semester Examinations ..... May 13-16
Commencement Exercises .... 10:00 a.m., Thursday, May 19

Summer Session Opens ..... Monday, May 23
Summer Session Closes ..... Saturday, July 1

BOARD OF TRUSTEES

REV. SAMUEL R. CURRY
President

ANDREW E. AUXIER
Secretary

NORMAN A. CHRISMAN
Treasurer

Term Expires 1943

REV. ADELBERT P. HIGLEY, D. D.....Cleveland, Ohio
ANDREW E. AUXIER.....Pikeville, Ky.

PIKEVILLE COLLEGE

HISTORY

FIFTY-FIVE YEARS ago Ebenezer Presbytery in the Synod of Kentucky, Presbyterian Church, U. S. A., appointed a committee consisting of Rev. W. C. Condit, D.D., Ashland, Kentucky, and Rev. Samuel B. Alderson, D. D., Maysville, Kentucky, to make a trip up the Big Sandy River to select a location for a school for the higher education of the youth of this section. After visiting each county seat in the valley, their judgment was that Pikeville should be selected as the location for such an institution and, as the result of their report to Presbytery, the Pikeville Collegiate Institute was established. The subsequent development of Pikeville and Pike County has demonstrated the wisdom of these men in making their choice for the location of the Presbyterial School.

The success with which the institution has been crowned has been due in no small measure to the untiring efforts of Dr. Condit and his church. He was a member of the Board of Trustees from the date of its organization to the time of his death, and was ever alive to the interests of the school.

In the summer of 1889 the first building was erected and Rev. David Blyth, who had just graduated from Lane Seminary, was placed in charge as principal and also as pastor of the church. Mr. Blyth was a man of great energy, and during the three years of his incumbency the school made rapid progress and took first rank among the best schools of its grade in Eastern Kentucky. Hendricks Hall was erected during his incumbency. A severe attack of typhoid fever left Mr. Blyth unable to continue the work. His three years of effort were

not in vain; the people speak in the highest terms of the work he did while here. His death occurred on December 5, 1940.

Until 1896 the institution was affected by unfavorable conditions throughout the nation. During the principalship of Reverend Harvey Hammett, and two years later during the term of the Reverend T. M. Cornelison, progress was made. However, the future of the institution began to be entirely assured as the devotion and personality of Reverend James F. Record began to express themselves. Assuming the headship of the institution in 1899 he continued without interruption for twelve years and attendance practically quadrupled. Reverend J. P. Whitehead was president of the college from 1911 to 1915, at which time Dr. Record returned.

Of the first trustees of the institution, none are now living. The members of the first Board of Trustees were Rev. W. C. Condit, D. D.; Rev. W. S. Fulton, D. D.; Mr. W. M. Connolly, Mr. John Simpson, Mr. James H. Hatcher, Mr. Charles M. Parsons and Mr. F. B. Trusell. The records of the college reveal constantly the devotion and wisdom of this unusual body of trustees. The possibilities of Pikeville College touched their imaginations, and most of them gave generously of their time and means to its support.

When Dr. Record resumed the presidency of the institution, which was now invariably spoken of as "the college," he was beginning a term of uninterrupted service lasting seventeen years. Made president emeritus by the action of the Board of Trustees in September, 1932, his counsel was not withdrawn from the college until his death on May 25, 1935. The expansion of the institution during Dr. Record's term was outstanding. In 1918 one student pursued college courses; fourteen years later the college enrollment was 366. Not only was the preparatory department admitted to membership in the Southern

Association of College and Secondary Schools in 1925, but the college work of the institution was recognized and the junior college became a member in 1931.

Wickham Chapel, in the administration building, and Wickham Hall were the magnificent gifts of Mrs. Delos O. Wickham of New York. It is difficult to over-estimate the influence of the gifts of this devoted friend of the college throughout Dr. Record's administration. In addition to these buildings erected, the institution was bequeathed a considerable portion of her estate in 1933. Wickham Chapel stands perpetually as a living memorial to Delos O. Wickham, her husband.

Another magnificent gift to Pikeville College came from John A. Simpson, of Covington, in memory of his sister, Lucinda Derriana Simpson, in the form of a commodious dormitory for women. Mr. Simpson had in mind a Christian home for women and provided that the dormitory be called "The Derriana."

The late Mrs. William Thaw, of Pittsburgh, was another constant friend of the institution during Dr. Record's presidency, being a very generous donor to the administration building.

Hendricks Hall, the first building erected on the old campus beside the Big Sandy River, commemorates the name and important work of the Reverend Dr. James P. Hendricks, Synodical Superintendent of Home Missions. The second building to be erected on the "old campus" was the brick building now occupied by the academy and the training school.

Dr. D. McDonald, successor to Dr. Hendricks as Synodical superintendent, was another loyal supporter and constant adviser of the institution. The Woman's Missionary Societies of Ebenezer Presbytery made much of Pikeville College in their

programs of prayer and work; their contributions and interest provided a constant source of encouragement to trustees and faculty.

Dean Frank D. McClelland was made acting President of the college in September, 1932, and became president in October, 1933.

During the year following Dr. McClelland's resignation in October, 1937, the institution functioned without a president. Mr. Norman A. Chrisman, treasurer of the college, devoted much of his time to the institution's activities, serving in many capacities as acting president without the actual title. During this year Mrs. N. A. Chrisman, Mrs. W. H. Kirk, and Mr. H. C. Bowles effected notable expansion of the library facilities, providing new furniture and new quarters for the library in memory of their mother, Mrs. Nona Connolly Bowles, a member of the first graduating class of the Academy. A grant of $3,000 from the Carnegie corporation for library books, coupled with the new equipment, combined to make the library one of the notable features of the college.

In September, 1938, President H. M. Crooks, LL. D., assumed the presidency of the institution and served until his resignation in October, 1940.

Dean A. A. Page assumed ex-officio the duties of the President of the college in October, 1940, following Dr. Crooks' resignation. In October, 1941, Dean Page was elected President of the college.

PURPOSES OF THE INSTITUTION

"The purpose of the promoters and founders of Pikeville Collegiate Institute was to offer an opportunity to the youth of Eastern Kentucky for the higher education at an expense within the reach of all. The very low rates at which a young man or

woman may fit himself or herself for entrance to college, for teaching, or for business are made possible not by cheapening the school in any particular, either in its teaching force or its equipment. These low rates are made possible only through the generosity of the friends of Christian education."

The foregoing paragraph is quoted from the catalogue of Pikeville Collegiate Institute. The Articles of Incorporation were amended with the approval of the Synod of Kentucky, in October, 1909, making this a chartered college, empowered by the State of Kentucky to do four full years of college work and confer degrees. The work now offered is that of the Junior College, freshman and sophomore years. It is still the purpose of the Board of Trustees to keep the expenses of a college education at the minimum, as it kept the expenses of a preparatory education at the minimum when the school was doing only preparatory work. Pikeville Collegiate Institute was ranked in the A class of preparatory schools in the State by the College Association of Kentucky.

The Preparatory Department and the Junior College are now fully accredited by the Southern Association of College and Secondary Schools.

Pikeville College is chartered and supported by the Presbyterian Church, U. S. A. It welcomes students of good character of all denominations. It does not teach the tenets or doctrines of any sect. Its endeavor is to train the young people who come to it for service in Church and State. It believes that this can be accomplished in the highest degree only when the foundations are laid in Christian character. Therefore, its purpose is the development of character founded on the eternal truths of God. To that end the study of the English Bible is required of all its students; only Christian men and women are employed in its faculty; it surrounds the student, so far as that is possible, with a Christian atmosphere. As a result of such training the General

Board of Education of the Presbyterian Church says: "The high rate of 92 per cent of our home and foreign missionaries coming from our denominational colleges still continues." It also shows that 83 per cent of all the ministers of the Presbyterian Church were educated in denominational colleges.

This college has a mission peculiar to itself. Located, as it is, in the heart of the Kentucky mountains, and easy of access to the mountain counties of Virginia, West Virginia, and Tennessee, it offers an opportunity to the mountain youth of these four States such as cannot be found in any other location of easy access to them. We have in these mountain counties material for leadership second to none in the United States. Pikeville College, by its scholarships and opportunities for self-support, makes an education possible to the young people financially unable to go out of the mountains for an education; by its proximity it stimulates the desire for an education, and by example shows the possibility of an education.

Another purpose of the institution is to increase the efficiency of public schools. It seeks to do this by making the public school teachers more proficent. To that end it has maintained a Department of Education for the past thirty years with very satisfactory results. The methods followed in this department are those of the best teacher training institutions of our country. The course of study is adapted to meet the requirements for the Provisional Elementary Certificate in Kentucky. The departments of education in other states accept work at Pikeville College as applying on the certificates which they issue.

AIM OF INSTITUTION

The aim is to lay a solid foundation for broad culture. No person can lay claim to an education whose moral as well as mental faculties have not been cultivated. The mere process of cramming does not educate, because it does not develop the faculties. Education along any line is development in that line. The purpose of true education is to fit men to live rather than get a living. The part that school and college have in teaching men how to get a living is incidental rather than designed. It comes through the "training of the faculties already active, and awakening and developing the powers that are dormant; the arousing of the spiritual sense, the kindling of the finer emotions by coming into contact with and understanding of the relations of truth and beauty, which master minds of all times have given through the medium of music and literature." Men who have covered a course in the classics balanced by mathematics and science arranged without thought to their practical, but wholly with a view to their cultural and disciplinary value, will not emerge into the world warped and undeveloped. They will approach what should be the ideal of an education: "The making of men who shall have a keen insight, yet broad vision; quick perception, yet sound judgment; practical wisdom, yet sensitive refinement;" ethical in their dealings with other men, yet having a righteousness that shall exceed the righteousness of the scribes and Pharisees; men whose highest happiness will be found in ministering to others rather than in being ministered unto. Students so trained are trained not only how to live, but have available assets for getting a living. Yet such men are seldom the product of a brief period of cramming. Such training takes years of careful and well directed study from the primary grades through the completion of a college course. It is the aim of Pikeville College to give its students such training as this.

GENERAL REGULATIONS

Entrance Requirements

Admission to the Junior College is based on a certificate showing graduation from an accredited high school with at least fifteen acceptable high school units, or by entrance examination. Following is an outline of the entrance requirements. The figures indicate the maximum and minimum number of units that may be offered in each subject. The minimum amount of credit allowed in any one subject is one-half unit.

High school graduates of very high standing whose high school credits may not be those specified below may be admitted on trial after investigation and interview.

Prospective students are invited to call at the college during summer months to discuss their plans and their schedules. Interviews with administrative officers are possible on any day, mornings being preferred. It is especially recommended that students from accredited high schools call for interviews before college opens, and for possible examination.

1. **BASIC UNITS. Required of all students***

English	3 units
Algebra	1 unit
Plane Geometry	1 unit

2. **ELECTIVE UNITS.** In addition to the basic units, a sufficient number of units to make a total of fifteen must be offered from Groups A and B, except that not more than four units may be offered from Group B.

GROUP A

English	1	Mathematics:	
Foreign Languages:		Advanced Arithmetic	½-1
French	1-3	Advanced Algebra	½-1
German	1-3	Solid Geometry	½
Greek	1-3	Trigonometry	½
Latin	1-4	Sciences:	
Spanish	1-3	Biology	½-1
Social Science:		Botany	½-1
History	1-4	Chemistry	½-2
Civics	½-1	General Science	½-1

* Students coming from high schools outside Kentucky and not having all these units will be admitted on whatever units their own State University requires.

GROUP A, (Continued.)

Economics	½	Geology	½-1
*Problems of Democracy	1	Physical Geography	½-1
Sociology	½	Physics	1
Education (including Psychology)	½-1	Physiology and Hygiene	½-1½
Teaching	1	Zoology	½-1

GROUP B

Agriculture	½-4	Home Economics	½-4
Art	½-1	Music	½-1
Bookkeeping	½-1	Shop Work	½-2
Commercial Law	½	Shorthand	½-1
Commercial Geography	½	Surveying	½
Drawing—Freehand	½-1	Salesmanship	½
Drawing—Mechanical	½-2	Typewriting	½-1

Records of college students have shown that training in some foreign language is extremely valuable in college preparation. For this reason, prospective college students are urged to take at least two units in foreign languages; those who expect to take a scientific course should present two units of algebra and at least two units of science, including physics and chemistry.

Students should not present their high school credits in person, but should have them mailed directly to the Registrar by the principal of the high school. If possible these credits should be in the Registrar's office before the opening date of school. An application blank for this purpose will be mailed upon request.

Registration

The school year is made up of two semesters, fall and spring, each of eighteen weeks' duration. Students are expected to register at the offices of the Dean and Secretary on or before the first day of each semester. They may not register later than the fifth day of classes, except with the consent of the instructor of each course desired to be taken. In such cases the absence allowance for each course is decreased by one-fourth for each week of absence due to late registration. No student is enrolled in classes until settlement has been made for all fees due at registration.

Classes are held five and one-half days each week, and persons who register are expected to be able to meet classes

---

* Students offering credits in Problems of Democracy may not offer credits in Economics and Sociology. If a full unit is offered in Problems of Democracy, only one-half unit will be allowed in civics.

at any time between Monday morning and Saturday noon.

Sixteen hours of recitation each week is the normal load. Students registering after the first week may carry only a partial load. Permission to carry more than sixteen hours will be given by the Dean only when justified by a previous record of high scholarship. No change in schedule may be made, and no course may be dropped, without the approval of the Dean and the consent of the instructors concerned.

No extension or correspondence work with other institutions may be taken by any student in residence without consent of the Dean.

Courses of Study

Six courses of study are offered leading to graduation from the Junior College: the Business Administration, General, Home Economics, Pre-medical, Scientific, and Teachers courses. Each student is required to enroll in one of these courses, and to graduate upon the completion of the two years of work. The courses are described below.

BUSINESS ADMINISTRATION COURSE

Two years of work leading toward a degree in Business Administration, or preparing for the business world.

FRESHMAN YEAR

English 111, 112 .....6 hrs.
Secreterial 111, 112 .....4 hrs.
Secretarial 113, 114 .....6 hrs.
Business Ad. 221 .....4 hrs.
Mathematics 116 .....3 hrs.
Bible 113, 223 .....4 hrs.
Electives .....5 hrs
Physical Education .....1 hr.

SOPHOMORE YEAR

English 227, 228 .....6 hrs.
Secretarial 221 .....3 hrs.
Business Ad. 222 .....4 hrs.
Business Ad. 223 .....3 hrs.
Secretarial 222 Or
Business Ad. 226 .....3 hrs.
Economics 224 .....3 hrs.
History 227 .....3 hrs.
Electives .....7 hrs.

GENERAL COURSE

Two years of work leading toward the degree of Bachelor of Arts; qualifies for entrance to school of law.

FRESHMAN YEAR

English 111, 112 .....6 hrs.
Foreign Language .....6 hrs.
Mathematics or Science 6-10 hrs.
History 113, 114 .....6 hrs.
Bible 113 .....2 hrs.
Electives .....0-6 hrs.
Physical Education .....1 hr.

SOPHOMORE YEAR

English 221, 222 .....6 hrs.
Foreign Language .....6 hrs.
Bible 223 .....2 hrs.
Electives .....18 hrs.

HOME ECONOMICS COURSE

Two years of work leading toward a degree in Home Economics, or preparing for home making.

FRESHMAN YEAR

English 111, 112 .....6 hrs.
Art 110a, 110b .....4 hrs.
Bible 113, 223 .....4 hrs.
Home Economics 113, 114..6 hrs.
Psychology 221.....3 hrs.
Home Economics 111.....2 hrs.
Home Economics 112 .....3 hrs.
Home Economics 223.....3 hrs.
Physical Education .....1 hr.

SOPHOMORE YEAR

English 221.....3 hrs.
English 225.....3 hrs.
Chemistry 111, 112.....10 hrs.
Home Economics 222.....3 hrs.
Home Economics 118.....2 hrs.
Home Economics 221.....3 hrs.
Electives .....8 hrs.
Physical Education .....1 hr.

PRE-MEDICAL COURSE

Two years of work meeting the requirements for entrance to medical and dental colleges.

FRESHMAN YEAR

English 111, 112 .....6 hrs.
Mathematics or German...6 hrs.
Chemistry 111, 112 .....10 hrs.
Biology 113, 114 .....8 hrs.
Elective .....2 hrs.
Physical Education .....1 hr.

SOPHOMORE YEAR

Chemistry 223, 224 .....8 hrs.
Physics 221, 222 .....10 hrs.
Bible 113, 223 .....4 hrs.
Electives .....10 hrs.

SCIENTIFIC COURSE

Two years of work leading toward the degree of Bachelor of Science.

FRESHMAN YEAR

English 111, 112 .....6 hrs.
Mathematics 111, 112 .....6 hrs.
Science .....10 hrs.
Bible 113, 223 .....4 hrs.
Foreign Language .....6 hrs.
Physical Education .....1 hr.

SOPHOMORE YEAR

English 221, 222 .....6 hrs.
Science .....6-10 hrs.
History 113, 114 .....6 hrs.
Electives .....10-14 hrs.

TEACHERS COURSE

Two years of work meeting the requirements for the Provisional Elementary Certificate in Kentucky.

FRESHMAN YEAR

English 111, 112 .....6 hrs.
Education 126, 130 .....7 hrs.
Biology 121, or
Chemistry 111 .....5 hrs.
History 113, 114 or
History 225, 226 .....6 hrs.
Hygiene 116 .....2 hrs.
Bible 113, 223 .....4 hrs.
Electives .....2 hrs.
Physical Education .....1 hr.

SOPHOMORE YEAR

English 221, 222 or 231....3 hrs.
English 223 .....3 hrs.
Psychology 221 or 222.....3 hrs.
Education 225 .....3 hrs.
Geography 111 .....3 hrs.
Mathematics 114 .....3 hrs.
Sociology 119 .....3 hrs.
Music 227 .....2 hrs.
Art 128 .....2 hrs.
Physical Education 220 ...2 hrs.
Electives .....5 hrs.

Orientation Lectures for Freshmen

All Freshmen are required to attend one lecture each week to introduce them to college practices and college life. This course of introduction is intended to help them find direction, hence is called an orientation course. (1 Semester.)

In addition, all Freshmen are given five class periods of special instruction about library arrangements and classification.

Teachers Certificates

Pikeville College is recognized by the Kentucky Department of Education, with the privilege of recommending for certificates those students who have satisfied the legal requirements. To qualify for a certificate a student must be at least eighteen years of age, of good character, must have presented the required number of acceptable high school units for college entrance and must have satisfactorily completed the course prescribed for the certificate.

The Provisional Elementary Certificate is issued upon the completion of sixty-four semester hours of college work, including required subjects listed under the Teachers Course. This certificate is valid in any elementary school in Kentucky for a period of three years, and may be renewed for a period of three years on evidence of two years of successful teaching or upon completion of sixteen additional college hours. It may be renewed thereafter for three-year periods on sixteen college hours earned during the life of the certificate.

Students who pursue the Teachers Course and who expect to be recommended for a certificate must complete all requirements for Junior College graduation including participation in the graduation exercises.

Any certificate in effect on September 1, 1936, will continue to be renewed, reissued or extended under provisions in force at the time of issuance of the certificate.

The State Department requires a fee of two dollars for each certificate issued and a fee of one dollar for each certificate renewed.

The Departments of Education of Virginia and West Virginia accept the work of Pikeville College as applying on the teachers certificates issued in these states.

Absence Regulations

Regular attendance at classes and at the daily chapel services, and conformity to the regulations of the institution are prerequisites for the granting of college credit. The following regulations on attendance govern the issuance of credit:

1. Students are required to attend all classes and chapel. In case of absence from class, permission to re-enter must be otained from the Dean. For each absence the student must take a make-up examination to cover the work missed. A fee of $1.00 will be charged for each examination. In case of an emergency this fee may be waived at the discretion of the Dean. Absences by members of college organizations on authorized trips will be fully excused without penalty. The work missed, however, is required to be made up at the direction of the instructor. Three tardy marks are equivalent to an absence. In case of absence from chapel, one-fourth of a quality point will be deducted for each unnecessary absence.

2. Absences count double on days immediately preceding and following vacations and special holidays.

3. A student may not drop any subject without the consent of both the instructor and the Dean.

System of Grading

At the end of each semester (eighteen weeks) a report of the student's work is sent to the parent or guardian. Reports of freshmen are sent also to the principals of the high schools from which they were graduated. The following letters indicate a passing grade, and are not subject to change except by repetition of the course:

A, EXCELLENT; B, GOOD; C, AVERAGE; D, POOR.

A grade of D will not receive credit toward graduation or the issuance of a certificate unless the student has a standing of 1.00 or above (average of C.) The following grades are not passing and do not carry credit.

I, INCOMPLETE; F, FAILED

I, if excusable, may be raised to the proper grade; if inexcusable, may be raised to D, by completion of the work. A grade of I must be removed within thirty days after the opening of the semester following, or in case of a protracted illness, within thirty days after the student's return to class. A student with a standing of less than 1.00 (average of C) is placed on probation for the following semester.

Requirements for Graduation

The general requirement for graduation from the Junior College is sixty-four semester hours of work in one of the regular courses of study, and, in addition, one hour of Physical Education required of all students. The student must have at least sixty-four quality credits, based upon the grade of work done. Quality credits are awarded as follows:

Grade of A gives three quality credits per semester hour.
Grade of B gives two quality credits per semester hour.
Grade of C gives one quality credit per semester hour.
Grade of D gives credit, but no quality.
Grade of F is failure. No hours are earned.

For example, a semester grade of B in a five hour subject would give ten quality credits; a grade of C in a three-hour subject would give three quality credits.

The scholastic standing of a student is the ratio of the number of quality credits to the number of semester hours taken. For example, a student carrying sixteen semester hours and receiving thirty-two quality credits in one semester would have a standing of 2.00 (average of B) for that semester. A standing of at least 1.00 (average of C) is required for graduation or for recommendation for a certificate. Students received by Pikeville College on transfer will not receive credit for D work, or its equivalent.

Transcripts

Upon application, a student who leaves the College is issued a certified transcript of his record, without charge. Application for a certificate is considered the equivalent of a transcript. A fee of one dollar is charged for each additional copy.

A transcript of credits will not be issued to a student whose account with the College has not been settled.

Summer Session

A summer session is held each year, in which six weeks' work is done. Classes are offered which duplicate those of the regular school year. The subjects given are limited to those for which there is sufficient demand. A subject carrying three semester hours credit meets two fifty-minute periods

six days each week. Six semester hours is the normal load, or an average of two classes per day during the session.

Students who take college work in the summer session must satisfy the usual college entrance requirements, and are expected to register on the opening day of the session. For information address President A. A. Page.

In the summer of 1942 a second summer term of five weeks followed immediately at the close of the first session. This opportunity to continue study during the summer met with such approval that a second session will again be offered in 1943.

Spring Term

During the current year a spring term of nine weeks has been organized to meet needs arising from the war situation. Courses have been offered in the field of elementary education.

DEPARTMENTS OF INSTRUCTION

Following are brief descriptions of the subjects offered in the various departments, with the amount of credit each carries stated in semester hours. Subjects ordinarily taken in the freshman year are numbered from 100 to 199; those ordinarily taken in the sophomore year from 200 to 299. Courses designated with an S are offered during the summer session only. In the case of subjects continuing throughout the year, the work of both semesters is described under one heading, and the number of semester hours stated refers to the credit given for each semester.

The College reserves the right to omit from the schedule any subjects for which there may not be sufficient demand, or which for any other reason it may be deemed inadvisable to offer.

ANCIENT LANGUAGES

Greek 111-112: Elementary Greek

A thorough study of the elements of the language. In the spring semester Book I of Xenophon's Anabasis is read, with further drill in forms and syntax and composition. **Four hours, each semester.**

Greek 121: Xenophon.

Books II, III, and IV of the Anabasis, accompanied by grammar review. **Three hours.**

Latin 111-112: Elementary Latin.

A course designed for students who begin Latin in college. It will include a study of grammar, and the reading of selections from classical writers. The relation of Latin to English will be emphasized. **Three hours, each semester.**

Latin 113-114: Cicero and Virgil.

Prerequisite: Two units in Latin, or Latin 111-112.
Selected Orations of Cicero and two books from Virgil's Aeneid will be read, with careful study of forms and construction.
Three hours, each semester.

Latin 221, 222: Cicero and Livy.

Prerequisite: Three units in Latin or Latin 113-114.
Selections, with careful study of forms and construction. Exercises in Latin prose. Study of Roman history.
Three hours, each semester.

BIBLICAL HISTORY AND LITERATURE

Bible 113: Old Testament Introduction.

A survey of the Old Testament from Creation to the Inter-Testament period. Following the general introduction, a close study is made of the Pentateuch. **Two hours, either semester.**

Bible 223: The Life of Christ.

A historical study of the life of Christ. Special attention is given to the application of Christian principles to modern problems. Some memory work, involving outstanding passages, is required. **Two hours, either semester.**

Bible 225: The Early Christian Church.

This study is based on the Book of Acts and the New Testament Epistles. Chief interest centers about the life and work of Paul. The course is elective for those who have had Bible 223, The Life of Christ. **Two hours, first semester.**

Bible 115: Old Testament Prophecy and Prophets.

An introduction to the general field of prophecy. Following a broad survey the prophets are taken up in order with a close study of historical background and Messianic content in their messages. This course is open to those who have completed the work of 113, and 223, or to those, who, in the judgment of the administration, have sufficient Biblical training to make the course profitable to them. **Two hours, second semester.**

Bible 116: Religious Education.

This course is a general introduction to the theory and practice of religious education. Special training is given in teaching children and adolescents. **One hour, either semester.**

BUSINESS ADMINISTRATION AND SECRETARIAL

Business Administration 221, 222: Principles of Accounting.

Fundamental principles are developed by continuous use of exercises, problems and practice sets modeled after an ordinary sole proprietorship business, including a study of the form and construction of accounting statements, journalizing, posting, adjusting and closing entries, and working sheets. Special problems and practice sets dealing with partnerships and corporations develop the student's ability to analyze business statements and aid in their preparation. Cost accounting procedure is introduced briefly toward the latter part of the course. Three hours recitation and four hours of laboratory a week. **Four hours, each semester.**

Business Administration 223: Business Law.

The evolution and operation of commercial law in relation to contracts, agency, partnerships, negotiable instruments, common carriers, torts, bailments, suretyships, insurance, sales, mortgages, and other business enterprises. **Three hours, fall semester.**

Business Administration 226: Salesmanship.

Fundamentals of salesmanship, market analysis, field of sales, method of selling, analysis of products, psychology of salesmanship, development of personality in salesmanship.

Three hours, spring semester.

Secretarial 101S: Secretarial Practice.

Mastery drills in touch typewriting, covering keyboard and machine operations; drills and exercises making typing habits permanent. Automatization drills for speed emphasis; business letters, and the adapting of typing skill to personal use. **One hour.**

Secretarial 111, 112: Typewriting.

Mastery drills in touch typewriting, covering keyboard and machine operation; special skill, accuracy and acceleration training, as well as training in letter forms, punctuation, manipulative drills, billing and tabulating, preparation of statements, and special business forms. Five hours of laboratory each week.

Two hours, each semester.

Secretarial 113, 114: Shorthand.

Gregg system of shorthand by combination of methods. The work of the fall semester includes emphasis on reading shorthand forms, writing familiar materials, technical drills in vocabulary building. The work of the spring semester comprises a consideration of the techniques of execution in writing and advanced work in dictation and transcription of letters, and articles. Five hours of class and laboratory each week.

Three hours, each semester.

Secretarial 221: Advanced Secretarial Practice.

General office procedure: Practice in filing, operation of common office machines, including mimeograph and adding machine, preparation of mail, etc. Typewriting speed building and advanced dictation and transcription. Pre-requisite: Secretarial 111, 112, 113, 114, or it may be taken concurrently with Secretarial 114. Five hours of class and laboratory each week.

Three hours.

Secretarial 222: Advanced Dictation and Transcription.

An advanced course in shorthand, adapted to the needs of the class, with a view of increasing the speed of taking dictation and transcribing mailable copy. Especial emphasis will be given to correct transcription. Pre-requisite: Secretarial 114. Five hours of class and laboratory each week.

Three hours.

EDUCATION AND PSYCHOLOGY

Art 126: History of Art.

A lecture course covering the essentials in the subjects; Architecture, Sculpture, and Painting from the Egyptian background through the Italian, Dutch, Spanish, French, English, and American Art. **Two hours, spring semester.**

Art 127: Art Appreciation.

Lectures on appreciation which are designed to stimulate interest in art by giving the student some intelligent standard for appreciation and an acquaintance with the masterpieces.

Two hours, fall semester.

Art 128: Public School Art.

A consideration of the fundamental principles of drawing and design, together with materials and methods for the elementary grades. **Two hours.**

Education 101S: Methods in Teaching Penmanship.

This course is intended to prepare teachers in the methods and technique of teaching and executing rapid, legible arm movement handwriting in all the grades. An effort will be made to acquaint the teacher with grade standards, grade materials, kinds of handwriting scales, and the scoring of papers. Students are encouraged to acquire a teacher's penmanship certificate. **One hour.**

Education 126: The Teaching of Reading.

The course deals with the fundamental principles of teaching reading. Both theory and practice are stressed. Attention is given to the selection of materials for reading, lesson planning, observation in Training School, individual and group reports.

Three hours.

Education 127: The Teaching of Reading in the Intermediate Grades.

This course emphasizes the skills in the following phases of the teaching of reading: Silent reading for information, oral reading for information, silent reading for pleasure, oral reading for pleasure, and the improvement of reading habits. **Three hours.**

Education 130: Fundamentals of Elementary Education.

A study of the organization of the modern elementary school; the correlation of home, school and community; the development of the proper attitude toward the teaching profession; the direction of learning by elementary school children; the evaluation of theories and methods in the light of observation of good teaching.

Four hours.

Education 225: Directed Teaching in the Elementary Grades.

Actual teaching in the Training School under careful supervision. Daily lesson plans are required and conferences of supervisors and student teachers are held frequently. Prerequisite; Sophomore standing, with at least half of work in English and Education completed. Also standing of 1.00 or above. **Three hours.**

Education 227: Tests and Measurements.

The problem of measurement with special emphasis on the uses of standardized tests and the uses of test results. **Three hours.**

Psychology 221: General Psychology.

An introduction to psychology, especially recommended to students in Education. **Three hours.**

Psychology 222: Educational Psychology.

A study of the learning process and a survey of the field of psychology from the standpoint of the teacher. **Three hours.**

Psychology 224: Mental Hygiene.

A study of the causes of mental ill health and how to overcome them. Particular emphasis is placed upon the formation of beneficial health habits. **Two hours.**

Psychology 225: Psychology in Business.

An application of the principles of psychology to the common problems of the business world. Attention is given to the uses of psychology in advertising and selling. Especially recommended to students in the Business Administration and General Courses. **Two hours.**

ENGLISH LANGUAGE AND LITERATURE

English 5: English Grammar.

A thorough course in English fundamentals for students who have not had sufficient preparation to enable them to carry the regular Freshman work. Review of grammatical forms, sentence structure, diction, spelling. **No credit.**

English 111, 112: English Composition.

A study of the fundamentals of correct and effective English with considerable practice in writing. Practical forms of composition are stressed. The principles of oral expression are also studied and some practice is given in speech making. **Three hours, each semester.**

English 115: Vocabulary Building.

Intensive study of roots, prefixes, and suffixes; word-analysis and word-building; group study of related words; comparison of synonyms and antonyms; study of various meanings of the same word, etc. **Two hours.**

English 221, 222: History of English Literature.

A thorough survey of the development of English literature, from Anglo Saxon times to the present. The process of evolution of striking literary types, such as the drama, the essay, and the novel, is given particular attention. **Three hours, each semester.**

English 223: Children's Literature.

A course for prospective teachers, dealing with the types and sources of literature particularly suited to pupils of the elementary grades and junior high school. Collateral readings constitute a portion of the course of study. **Three hours.**

English 223-a.

Identical with English 223 except that fewer collateral readings are required. **Two hours.**

English 225: An Introductory Course in Speech.

Improvement of voice technique and diction plus clarity, forcefulness, and ease of expression are the goals. Some attention is given to parliamentary law, speeches for special occasions, dramatics, and forensics. **Three hours.**

English 227, 228: Business Correspondence.

The function of English in business, factors in business letter production, structure of business letters, keys to effective writing, moulding business messages, the psychology of effective letters, vocabulary building, making adjustments, handling credits and collections, sales presentations, market analysis, preparation of business reports and the introduction of advertising. Prerequisite: English 111, 112. **Three hours, each semester.**

English 231: American Literature Before 1860.

A survey course designed to introduce the student to early American thought and letters. The Puritan and Colonial writers are studied, and especial emphasis is placed on the writings of the early poets. **Three hours.**

HISTORY AND ECONOMICS

History 113, 114: History of Civilization.

A survey of the origins and development of our civilization from the ancient Mediterranean world to the present. Special attention devoted to the development of political, economic, and social institutions. **Three hours, each semester.**

History 223: American Government.

A survey of the entire field of American government, local, state, and national; the organization and influence of political parties; ideals and functions of government. **Three hours.**

History 225, 226: American History and Government.

A survey of the foundation and development of American nationality and government from the discovery of America to the present. **Three hours, each semester.**

History 227: Economic History of the United States.

A survey of the broad economic development of the United States with emphasis upon fundamental trends and their importance. **Three hours.**

History 228: History of Kentucky.

A course designed to acquaint the student with the history of Kentucky, and with Kentucky's contribution to and influence upon the national life. **Two hours.**

History 230: Contemporary History.

An analysis of world trends since 1918, with particular emphasis upon governmental institutions and international relations. **Two hours.**

Economics 224: Principles of Economics.

A course designed to acquaint the student with fundamental concepts, principles, and problems of the economic world.
Three hours.

Sociology 119: Social Problems.

An introductory course in the principles of sociology. Treats of the major social institutions and social processes. **Three hours.**

HOME ECONOMICS

Home Economics 110a, 110b: Introduction to Art.

Elementary principles, theory of color, essentials of design and forms of art, survey and interpretation of painting and architecture, illustrated lectures, library references, notebooks and reports.
Two hours each semester.

Home Economics 111: Textiles.

A study of textile fabrics — their composition, construction, selection, care, and use. One hour of lecture, two hours of laboratory each week. Fee, $2.00 **Two hours.**

Home Economics 112: Costume Design.

Appropriate costuming for the individual. Analysis of physical and mental makeup and study of costume color, line, and texture for the individual and her costume needs. Assigned problems and notebook. **Three hours.**

Home Economics 113: Foods.

The classification and composition of foods; methods of preparation with the principles involved. Six hours of laboratory each week. Fee, $3.50. **Three hours, fall semester.**

Home Economics 114: Meal Serving.

Planning, preparing, and serving meals to various groups. Six hours of laboratory each week. Prerequisite: Home Economics 113. Fee, $5.00. **Three hours.**

Home Economics 118: Health of the Family.

Factors that influence health; agencies and forces to be utilized for health improvement; prevention of specific diseases; practice in the technique of home nursing. **Two hours.**

Home Economics 221: Institution Marketing.

A study of specific problems found in purchasing food such as the market structure, varieties, grades, costs, etc. Field trips. Illustrated lectures and notebooks. **Three hours.**

Home Economics 222: Advanced Clothing.

The alteration and adaption of commercial patterns; planning designs and selecting materials for garments of wool and silk; making dresses for school wear, tailored suits, and afternoon frocks. Six hours of laboratory each week. Prerequisite: Home Economics 112. Fee, $2.00. **Three hours.**

Home Economics 223, Consumer Problems.

This is a study of consumer-buyer and the market. An analysis is made of the problems of the consumer, the retailer, and manufacturer. Field trips to local markets. Assigned problems and notebooks. **Three hours.**

MATHEMATICS

Mathematics 5: Elementary Arithmetic.

A careful review of the fundamental operations, with particular emphasis upon fractions, percentage and written problems.
No Credit.

Mathematics 111: College Algebra.

Beginning with a rapid review of quadratic equations, the work embraces the binomial theorem, the theory of equations, permutations and combinations. **Three hours.**

Mathematics 112: Plane Trigonometry.

A grounding in the definitions of the trigonometric functions and the development and use of formulae, through the laws of sines, cosines, and tangents. **Three hours.**

Mathematics 114: The Teaching of Arithmetic.

A review of the essentials of arithmetic together with a careful study of the best methods of presenting the subject to pupils in the elementary grades. Prerequisite: A working knowledge of arithmetic as shown by an examination given early in the course
Three hours.

Mathematics 116: Business Mathematics.

A survey of the fundamentals of arithmetic and algebra leading to applications in business administration. Prerequisite: A working knowledge of arithmetic as shown by an examination given early in the course. **Three hours.**

Mathematics 221: Analytic Geometry.

The elements of plane analytics including the transformation of coordinates, the geometry of the conic sections, and higher plane curves. Prerequisites: Mathematics 111, 112. **Three hours.**

Mathematics 222: Differential Calculus.

This course includes the fundamentals of differentiation and applications of derivative. Prerequisites: Mathematics 111, 112, and 221. **Three hours.**

MODERN LANGUAGES

French 111, 112: Elementary French.

A course for students beginning the study of French, in which reading with direct comprehension is the chief aim.
Three hours, each semester.

French 221, 222: Intermediate French.

A systematic review and continuation of French grammar, with emphasis on the reading goal of direct comprehension. Oral and written French for the purpose of developing the reading ability. Prerequisite: Two years of high school French, or French 111, 112.
Three hours, each semester.

German 111-112: Elementary German.

A course for students beginning the study of German. Grammar, reading of easy prose, including readings in science.
Three hours, each semester.

German 221, 222: Scientific German.

Grammar review. Reading and translation of current scientific German with view to acquiring vocabulary necessary for independent reading along scientific lines. **Three hours, each semester.**

Spanish 111-112.

A course for students beginning the study of Spanish in which the aims are reading with direct comprehension, speaking and writing within the limits of a prescribed vocabulary. **Three hours.**

Spanish 221, 222.

A review of the basic principles of grammar and a continuation of the study of the geographical and historical background of Latin-America and of Spanish culture principally as found in Latin-America. **Three hours.**

MUSIC

Believing that an education is not complete without some knowledge of music, the College will continue to offer the same splendid instruction that has been available in the past.

Piano, Pipe Organ, Violin and Voice

Private lessons in piano, violin, and voice are given under competent instructors.. Pipe organ is offered to students who desire it, provided in the opinion of the instructor they have reached the required proficiency in piano. Each student is required to appear in recital twice during the year.

Glee Clubs

Glee clubs are open without charge to all students who desire this type of training. Each glee club meets two hours a week, and a credit of one-half semester hour each semester is given those students whose attendance and performance are satisfactory.

Music 111, 112: Fundamentals.

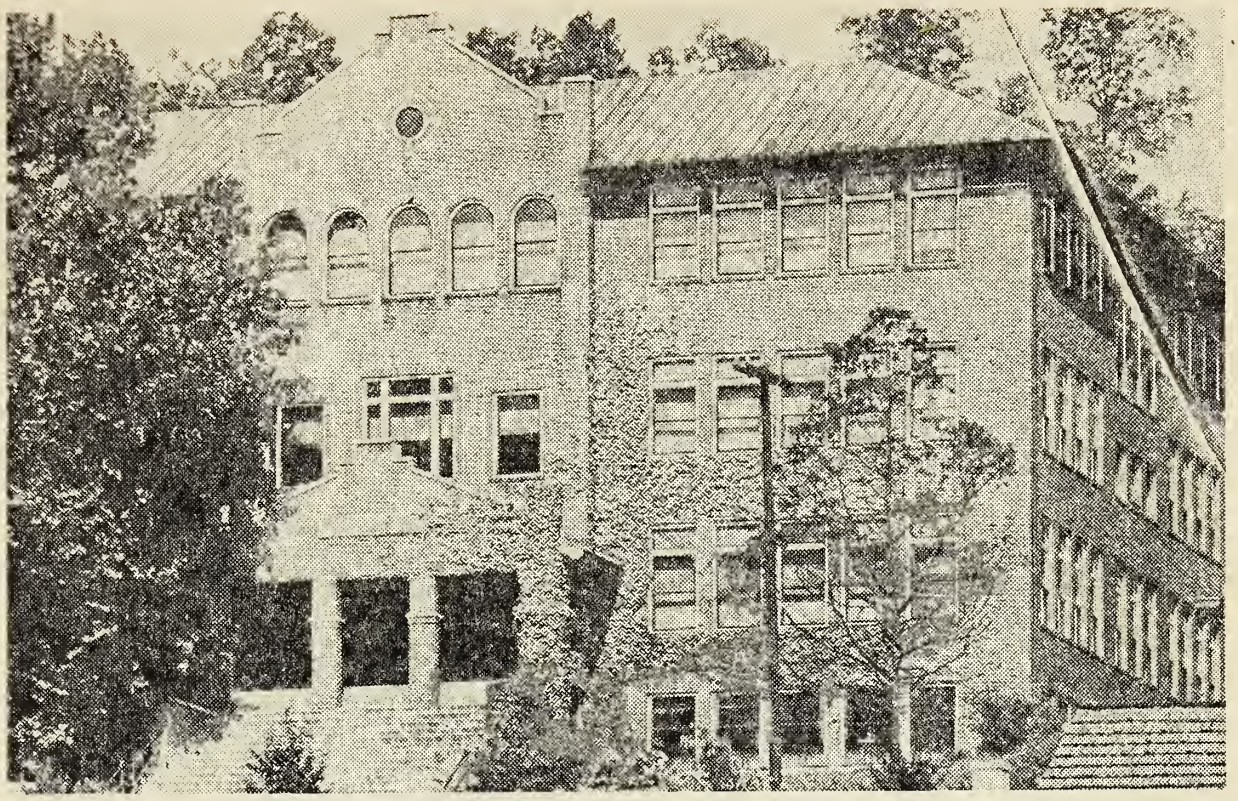
Fundamentals, sight reading, singing for groups. Two hours in class; no outside preparation. Fee $1.00
One hour, each semester.

Music 226: Introduction to Music.

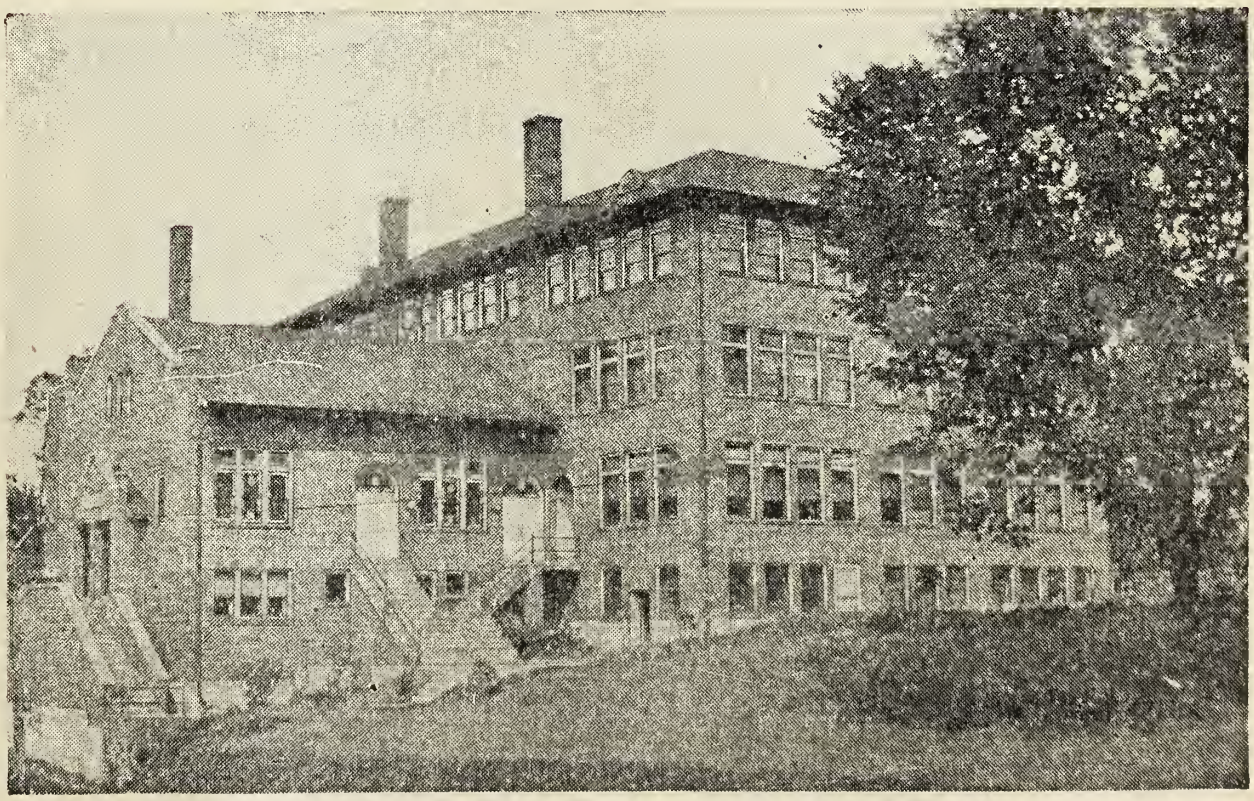
Fundamentals of reading, rhythm, and theory; terminology.
Two hours.

Music 227: Public School Music.

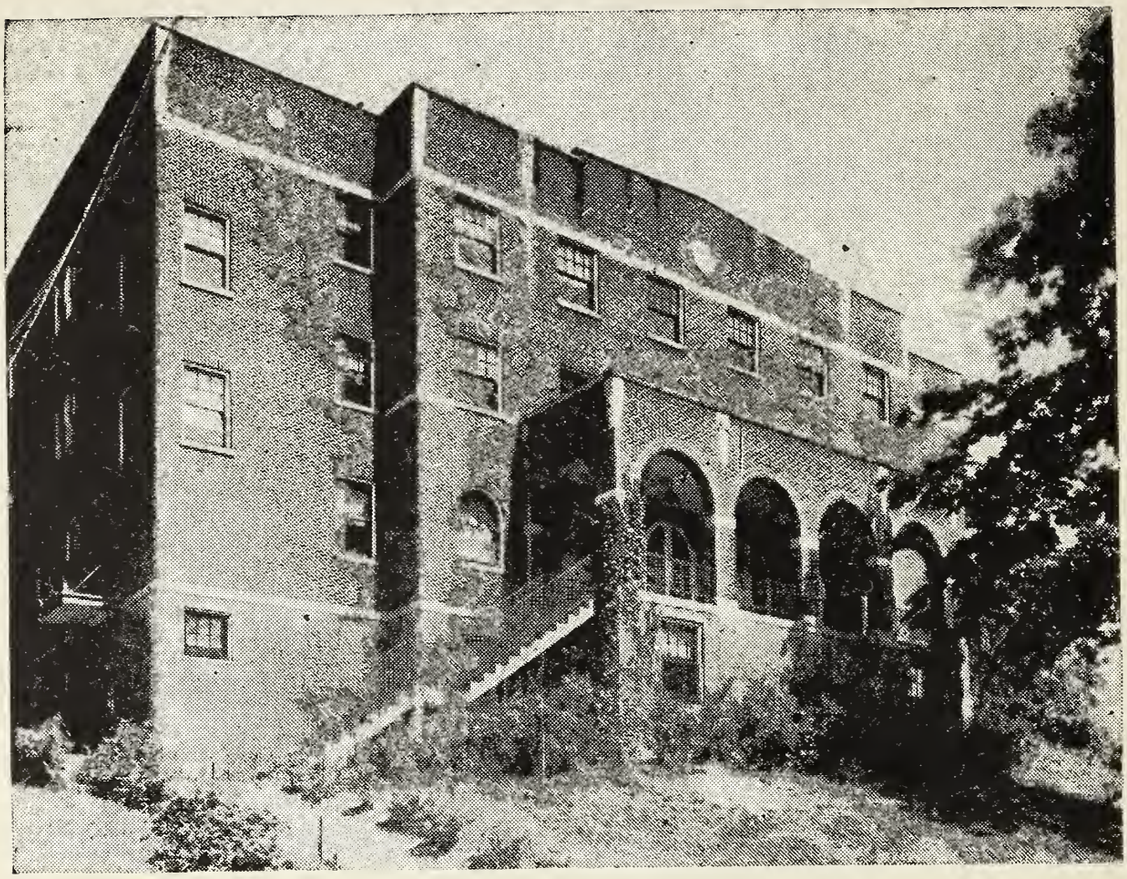
A study of the fundamentals of music and the methods of teaching it in the elementary grades. **Two hours.**



THE ADMINISTRATION BUILDING



Wickham Chapel and the Administration Building



WICKHAM HALL

A CAMPUS SCENE

MUSIC FEES

The fee for private lessons in piano, violin, and voice is $9.00 per semester for one thirty-minute period a week, or $18.00 a semester for two thirty-minute periods a week, payable at registration. The fee for private lessons on the pipe organ is $11.25 per semester for one thirty-minute period a week, or $22.50 for two thirty-minute periods a week, payable at registration. The pipe organ fee includes use of the pipe organ for practice at assigned periods. Private lessons which are missed due to the absence of the pupil are not made up, except when arrangement has been made with the instructor before the absence. No private lessons are given on holidays or during vacations. Music fees are not refunded except when the pupil is compelled to be absent for two weeks or more on account of illness, in which case a pro rata refund is made.

PHYSICAL EDUCATION

Firm in its belief that an education includes development of the "whole" individual, Pikeville College offers its students the opportunity for physical development through a well-rounded physical education and athletic program.

All students are encouraged to take part in the program of intramural athletics which is sponsored annually by the Physical Education Department. Teams are organized to accommodate all who want to participate in the popular sports such as softball, basketball, volleyball, tennis, and others which may be in demand.

One year of Physical Education is required of all students. This credit may be earned in courses numbered under 200 or through participation in varsity basketball. One semester credit will be given for each season's participation on the varsity squad.

If for physical reasons a student is exempted from physical training, other work, deemed equivalent, may be required.

A fee of fifty cents (50c) each semester is levied to cover bath supplies.

Physical Education 110:

1 a-b: Physical Education Theory and Practice.

A study of Physical Education, theory and actual participation in the various physical activities including calisthenics and minor sports. Intended to provide for the physical development of each individual and includes special attention to correcting physical defects. Separate classes for men and women. **One-half hour.**

2: Volleyball and Basketball (Women)

A study of these games through actual participation. Intended to give the student a playing knowledge of each game.

One-half hour.

3 Tennis and Softball (Women)

A study of these games through actual participation. Intended to give the student a playing knowledge of each game.
One-half hour.

12: Football and Basketball (Men)

A study of the fundamentals of each game, including the playing rules, and actual participation under game conditions in so far as equipment and personnel will permit. **One-half hour.**

13: Tumbling and Pyramid Building (Men)

This course consists of individual and group work on the mats. Intended to develop individual skill in each of the elementary stunts. **One-half hour.**

30: Tennis, Badminton, Track, Etc.

A study of various games through actual participation. Intended to give the student a playing knowledge of various games.
One-half hour.

Physical Education 220: Plays, Games and Safety Education for Elementary Schools.

A study of plays and games adapted to the elementary school and actual experience directing these in the Training School with special attention to safety education. Attention is given to the fundamental objectives of the Health and Physical Education Program and the use of various exercises and games to attain these objectives. Prerequisites: P. E. 110. **Two hours.**

SCIENCE

In science courses which include laboratory work, a fee is required in order to cover the cost of materials and the use of apparatus. This fee is payable at the beginning of each semester, and is not refunded. Apparatus which is broken or lost is charged to the student, and is paid for at the close of the semester.

Biology 101S: General Botany.

A nature study course which will consist largely of field trips and laboratory work. The study of local flowers, ferns, and trees will be combined with systematic botany. Bring old clothes and comfortable hiking shoes. Fee, $2.00. **Three hours.**

Biology 102S: General Zoology.

A nature study course in which a broad survey of the animal kingdom will be made, with especial emphasis on local fauna. A large part of the time will be spent in field and laboratory work. Bring old clothes and comfortable hiking shoes. Fee, $2.00
Three hours.

Biology 121: Introductory Biology.

The purpose of this course is to help the student get acquainted with some of the living things about him, including some knowledge of their structure, life habits and processes. It is planned for teachers or for those not intending to major in biology, or for those not enrolled in scientific courses. Since much of the time is spent in field work, clothes and shoes suitable for hiking are important. Laboratory fee, $3.00 **Five hours.**

Biology 113, 114: General Biology.

The object of this course is to gain an understanding of the large problems common to zoology and botany. The approach is thus obtained for the broad knowledge desirable for liberal education, and for the more advanced work prerequisite to the study of medicine, forestry, etc. Students who plan to take this class should provide themselves with clothing suitable for field trips. Two hours of lecture and recitation, four hours of laboratory, each week. Fee, $3.00 each semester. **Four hours, each semester.**

Biology 221: Comparative Anatomy.

Invertebrates. An intensive study of the anatomy of representative forms of the various phyla, including comparative organology and physiology. Course offered when demand is sufficient. Fee, $4.00 **Four hours.**

Biology 222: Anatomy, Vertebrates.

An intensive study of representative vertebrate forms, including comparative organology and physiology. Course offered when demand is sufficient. Fee, $4.00. **Four hours.**

Science 105: The Physical Sciences.

A study of the underlying principles of chemistry, physics, geology, climatology, astronomy, and their relationship to every-day life. Elective. Laboratory fee of 50 cents. No prerequisites. **Three hours.**

Chemistry 111, 112: General Chemistry.

The fundamental principles of theoretical chemistry, together with a study of the most important metals and non-metals. The laboratory work of the spring semester includes practice in elementary qualitative analysis. Three hours of lecture and recitation, four hours of laboratory each week. Fee, $4.00 each semester. **Five hours, each semester.**

Chemistry 223, 224: Introduction to Organic Chemistry.

A course designed for students who contemplate the study of professional chemistry or of medicine. The laboratory work includes the preparation and purification of a number of typical organic compounds. Prerequisites: Chemistry 111, 112. Three hours of lecture and recitation, three hours of laboratory each week. Fee, $4.00 each semester. **Four hours, each semester.**

Geography 111: Principles of Geography.

A study of the basic principles underlying the science of geography, and of its relation to the physical and economic development of man. Materials and methods of teaching the subject in the elementary grades are considered. **Three hours.**

Hygiene 116: Public Health and Sanitation.

A course primarily for teachers, dealing with the principles of health and hygiene. **Two hours.**

Physics 221, 222: General Physics.

A course in the fundamental principles of physics, the development of its laws, and practical application of them. The theories of mechanics, heat, magnetism, electricity, sound and light are presented in lecture and demonstration, and are supplemented by practical work in the laboratory. Prerequisite: A fair degree of mathematic maturity. Fee, $2.50 each semester. **Five hours, each semester.**

PREPARATORY DEPARTMENT

The Preparatory Department of Pikeville College includes the Academy, covering the four years of high school, and the Training School, composed of the elementary grades.

The Academy is accredited by the State Department of Education, and is a member of the Southern Association of Colleges and Secondary Schools.

The Training School is fully approved by the State Department of Education, and each teacher is commissioned by the Division of Teacher Training for the training of elementary teachers through directed teaching.

ADVANTAGES OF THE ACADEMY

The Academy accepts its responsibility as a part of a Christian educational system to make itself felt as a strong moral force influencing every phase of the mental development of its students. Classes in Bible are supplemented by daily chapel programs and the example of Christian teachers.

In addition to the religious influence, the Academy assures all of its students an unusual amount of personal attention and guidance, development in personality from frequent participation in extra-curricular and social activities of both the Academy and College, access to the superior science equipment of the College, and the advantages of the college library in addition to the considerable library of the Academy.

Students also profit from being part of a student body that is definitely college-minded. All courses are planned toward preparation for college. Almost without exception our graduates are eager to continue their education in college. A very high per cent of them enter college each fall. As a part of the be-prepared-for-college emphasis, special stress is put on English fundamentals, mathematics, and the languages. The Academy offers the unusual advantage of four years of mathematics, four years of Latin, and two years of Spanish.

Any student planning to enter a college with peculiar entrance requirements may adjust his course to meet those requirements. However, it is not necessary for a student to choose his college until the end of his senior year. Graduation from any of the three courses offered will meet the entrance requirements of a great majority of colleges.

ACADEMY COURSES OF STUDY

GENERAL COURSE

English	4 units
Algebra	1½ units
Plane Geometry	1 unit
Foreign Language	2 units
Science	1 unit
Social Science	3 units
Bible	1 unit
Electives	2½ units

DESCRIPTION OF COURSES

Due to small classes some courses taught in the junior and senior years are offered in alternate years, but care is taken to see that all regular students have the opportunity to complete whichever course they elect.

English I: grammar ½ unit; literature ½ unit.
English II: grammar ½ unit; literature ½ unit.
English III: American Literature.
English IV: English Literature.
Science I: Biology, 1 unit.
Science II:Physics, 1 unit.
Science III: Chemistry, 1 unit.
Latin I: grammar, 1 unit.
Latin II: stories and Caesar's Commentaries, 1 unit.
Latin III: Cicero's Orations, 1 unit.
Latin IV: Virgil's Aeneid, 1 unit.
Math. I: Algebra I, 1 unit.
Math. II: Plane Geometry, 1 unit.
Math. III Algebra II, ½ unit; Business Arithmetic, ½ unit.
Math. IV: Solid Geometry ½ unit; Trigonometry ½ unit.
Social Science I: Ancient and Mediaeval History, 1 unit.
Social Science II: Modern European History, 1 unit.
Social Science III: American Political History, 1 unit.
Social Science IV: American Government, ½ unit.
Economic Geography, ½ unit.
Spanish I: grammar, 1 unit.
Spanish II: grammar and reading, 1 unit.
Bible, ½ unit, each year.

A total of sixteen units is required for graduation from the Academy. A unit may be defined as the equivalent of one subject taken through the entire school year. Four subjects, with Bible one semester each year, is the normal load. Five subjects may be taken only when the student has evidenced scholarship above the average. No credit will be given for less than one unit of foreign language.

In science courses requiring laboratory work an extra fee is charged to cover the cost of materials and equipment. Breakage is charged to students responsible. The fees are as follows:

Biology	50 cents each semester
Chemistry	$3.00 each semester
Physics	$1.50 each semester
Typewriting	$5.00 each semester

Physical training is required of all students through the Academy years. Students who may be excused from this requirement for physical disability or ill-health may be required to submit a certificate from a physician appointed by the College. Appropriate uniforms are required. A fee of fifty cents (50c) each semester is levied to cover bath supplies.

ACTIVITY FEE

A fee of two dollars ($2.00) to cover student activities (student organizations, athletics, etc.) is to be paid by all Academy students each semester.

System of Grading

Reports of pupils in the Training School are sent to parents at the close of each six weeks period. Report cards for students in the first year of the Academy are likewise sent to parents each six weeks. Reports of all students in the Academy are mailed to the parents at the close of each semester. Training School reports are self-explanatory. In the Academy grades are indicated as follows:

A, EXCELLENT; B, GOOD; C, AVERAGE; D, POOR;
I, INCOMPLETE; F, FAILED

A grade of I may be raised to a passing grade by completion of the work. Although a grade of D is considered passing, a student with an average grade below C will not be recommended for college entrance.

Pikeville College is aware of the emergency which confronts the nation at the present time. While this catalogue outlines changes in calendar and course of study which have been made necessary by the present emergency, other adjustments will be made if occasion demands.

GENERAL INFORMATION

LOCATION

Pikeville College is located at Pikeville, Kentucky, the metropolis of the Big Sandy Valley, on the Chesapeake and Ohio Railroad, one hundred and ten miles south of Ashland, Kentucky; on Federal Highway No. 23 connecting Detroit, Michigan, and Miami, Florida; also Federal Highway No. 119. The C. C. & O. connection with the C. & O. at Elkhorn City gives easy access by rail from Virginia and Eastern Tennessee. Bus service connects with the Norfolk and Western Railroad at Williamson, West Virginia. Bus lines make connections at Paintsville and at Jenkins, and Ashland, Ky., so that Pikeville is easily accessible from the surrounding counties of Kentucky, Virginia, and West Virginia. Situated in the Big Sandy Valley, surrounded by the foothills of the Cumberland Mountains, it would be difficult to find a more beautiful and healthful location for a college town.

BUILDINGS

ADMINISTRATION BUILDING: This modern building was erected in 1926, and contains offices, seventeen large class rooms, laboratories, library, and an auditorium which will seat four hundred. An Estey pipe organ has been installed in the auditorium. The chapel, or auditorium, together with the organ, was the gift of Mrs. Delos O. Wickham in memory of her husband, whose name it bears. Mrs. William Thaw was another generous donor to the building. All of the money which came to Pikeville College from the Kentucky Presbyterian Education Movement was used in the construction of this building.

WICKHAM HALL: This dormitory for young men is located beside the Administration building on the hill overlooking Pikeville. This is an excellent building of brick, concrete, and steel, consisting of three stories and basement, entirely fireproof throughout. It contains rooms to accomodate ninety-six young men, in addition to a kitchen, cafeteria, rooms for faculty supervisors, large bathrooms on each floor, and a well-furnished recreation room. The building is heated by steam, electrically lighted, and equipped with apparatus to maintain a constant supply of hot water.

THE DERRIANA: Mr. John A. Simpson provided this dormitory as "A Christian home for women" in memory of his sister, Lucinda Derriana Simpson. It is a brick and stone structure of four stories. It is heated by steam, lighted by electricity, has hot and cold water, bath rooms, and all modern conveniences. It would be difficult to find a dormitory more conveniently arranged and more completely equipped for the comfort of young women. The purpose of the donor was to erect a building in which the occupants would find a home of Christian culture and refinement during their school life. The social and home life with which the students are surrounded is calculated to lead to that Christian culture and development so essential to the highest type of womanhood. The dormitory site is on an elevation overlooking the town, affording a most beautiful view of mountain scenery. It is surrounded by some four acres of ground.

THE GYMNASIUM: A frame building on the "Old Campus" serves for basketball and other indoor sports.

OFFICIAL RESIDENCES: Houses are furnished for the president and the dean.

FACULTY RESIDENCES: Three faculty homes are owned by the college and are occupied by professors' families.

HENDRICKS HALL: The original frame building of Pikeville Collegiate Institute on "The Old Campus" serves as a residence for faculty members.

THE ACADEMY BUILDING: The Academy and the Training School are housed in a substantial two-story brick building on "The Old Campus." The building is well equipped for high school and grade use. A chapel and a very serviceable library are here, in addition to adequate rooms, well equipped.

ENDOWMENT AND INCOME

The endowed funds of the College amount to over $300,000. The income from this fund helps to pay the cost of instruction. Annual gifts from churches and friends are important.

The tuition charges paid by students pay roughly one-third of college expenses. For every dollar the individual student pays for tuition, the College expends, in addition to that dollar, approximately two dollars.

A campaign is already launched for additional endowment funds required by the growth of the College.

RELIGIOUS LIFE

As stated in another place, the school was established, is supported, and is controlled by the Presbyterian Church, U. S. A., but is non-sectarian. While students receive regular and systematic instruction in the English Bible, the tenets of no church are taught. All students are required to be present at the chapel exercises of one-half hour each day.

Each year, soon after the opening of the spring semester, a series of student meetings is held. These services are in charge of some outstanding Christian leader, who, in addition to his daily addresses, strives to meet in personal conference each of the students; they have proven most helpful in quickening the spiritual life of the school.

There are six strong churches in the town: Presbyterian, Methodist, Christian, two Baptists, and Episcopal. The students receive a warm welcome at any of the churches, and each student is expected to be present at some one of them each Sunday. The aim of the religious life of the school is to lead the student to the Lord Jesus Christ, to develop a high type of Christian character, and a potential Christian leadership for both Church and State.

ATHLETICS

Pikeville College believes in the training of the body as well as the mind, and in accordance with this belief makes provision for the physical development of its students. Intramural sports along competitive lines between classes are organized in basketball, diamond ball, volleyball, tennis, and other games.

The college basketball team, known as the "Bears," has completed a successful season again this year, under the direction of a well-trained and competent coach. All matters pertaining to athletics are under the general supervision of the Athletic Council, composed of representatives of the faculty, alumni, and student body.

A very large percentage of all students engage in and are trained in some outdoor sport. An Academy team, "The Cubs," has an honorable record. Track and field athletic teams feature spring activities.

OTHER STUDENT ACTIVITIES

In addition to athletics, the student at Pikeville College finds a variety of valuable extra-curricular activities. Among them may be mentioned the glee clubs; the band; "The Record," the school newspaper; "The Highlander," the college year book; the F. T. K. Club, the Future Teachers of Kentucky; the International Relations Club; the Dramatics Club; the Young Women's Christian Association; the Young Men's Christian Association; and other social and religious organizations. All the school activities are under the supervision of members of the faculty. Students are encouraged to take an active part in at least one extra-curricular activity but are limited in the number in which they may engage, in order that their studies may not suffer.

The College offers to students the great advantage of entertainments and lectures of considerable variety. **Recent chapel programs for all students have included:** Rev. R. G. Hutcheson, First Presbyterian Church, Pikeville; Mr. N. A. Chrisman, Treasurer, Pikeville College; Dr. Wayne T. Gray, Union College, Barbourville, Ky.; Dr. Andrew Johnson, Evangelist Methodist Church, Asbury College, Wilmore, Ky.; Dr. Thos. B. Ashley, Methodist Hospital, Pikeville, Ky.; Dr. Everett B. King, Board of National Missions, Presbyterian Church, U. S. A., New York, N. Y.; Dr. Alfred D. Biggs, Chicago, Ill.; Dr. Samuel R. Curry, First Presbyterian Church, Ashland, Ky.; Mr. Carl Hatcher, Supervisor Pike County Schools, Pikeville; Rev. Layton Howerton, First Baptist Church, Pikeville; Dr. Virgil Moore, Methodist Church, Pikeville; Dr. A. L. Currie, First Presbyterian Church, Huntington, W. Va.; Dr. Geo. S. Watson, Louisville, Ky.; Dr. Sam Sloan, Catlettsburg, Ky.; Lt. A. H. Wellman, Jr., Pikeville; Mr. W. H. Keenig, Ashland, Ky.; Dr. Mark Andrews, Presbyterian Church, Harlan, Ky.; Dr. W. F. Hereford, Presbyterian missionary returned from Japan; Dr. Robert VonThurn, Presbyterian Church, Maysville, Ky.; Dr. R. E. Jaggers, Director of Certification, Frankfort, Ky.; Lt. A. C. Hudson, El Paso, Texas; Mr. Orell Fields, Whitesburg, Ky.; Rev. E. F. Beckett, Christian Church, Pikeville; Rev. Robert M. Skinner, Pottsville, Pa.; Eugenia and Winifred Webster, Duo-pianists, Harrisburg, Pa.; Rev. J. E. Merrick, Episcopal Church, Pikeville.

LIBRARY

The library is "the heart of the college." The family of Mrs. C. C. Bowles, a very early graduate of Pikeville Collegiate Institute, have made physical expansion possible, with modern steel stacks and handsome oak chairs and tables for the commodious reading room. During the past year a considerable gift of books has come to the library through the generosity of Mr. David Francis and another Yale alumnus. The Carnegie Corporation's recent grant of $3,000 has allowed a large selection of new books, notably encyclopedias and important reference works. There are over eight thousand volumes (8,000) of carefully selected, serviceable books. A generous list of periodicals is available. The library is catalogued according to the Dewey system, and is in charge of a trained librarian.

GOVERNMENT

The conduct of the student body is so uniformly excellent that faculty action is rarely required. The discipline is gentle but firm. Each student is expected to conform cheerfully with the requirements of the school, and no student will be allowed to remain in the school whose influence, in the judgment of the Faculty, is detrimental to the interests of the instituion. Parents who are not willing that their children should obey promptly are requested not to send them to us. Students are required to conduct themselves properly at all times, whether on or off the campus, and to pay for any property that may be destroyed or damaged by them. The College reserves the right to dismiss, without any refund of fees, any student whose conduct is unsatisfactory. All students sign the following pledge upon registration:

Student Pledge

I hereby pledge myself to the following conditions upon which I am admitted as a student to Pikeville College:

1. I promise to conform willingly to all of the regulations of the College.

2. I promise to abstain from the use or possession of alcoholic beverages of any kind, either on the campus or elsewhere, while a student of this college.

3. Unless I live at home, I agree to room and board

only at places definitely approved by the College authorities, and subject to inspection by the College at all times.

4. If I room in a College dormitory, I agree to board regularly at the College Cafeteria.

5. I understand and agree that any infraction of the above regulations, or any conduct which in the opinion of the school authorities is detrimental to the interests of the institution, will make me liable to immediate dismissal from the College without any refund of fees.

SCHOLARSHIPS

Realizing that one of the prime purposes of a College should be to develop sound scholarship, Pikeville College has decided to offer free tuition to the student who ranks highest in scholarship in the high school graduating classes in each of the following counties: Pike, Floyd, Martin, Lawrence, Magoffin, Perry, Leslie, Johnson, and Letcher in Kentucky; Mingo in West Virginia; Buchanan and Dickinson in Virginia; and also in the Pikeville Independent District. The high ranking graduate will be eligible for the above award when certified to the College by his or her superintendent.

These scholarships will continue to be granted to a student so long as he remains in the College if his work and conduct prove to be satisfactory.

STUDENT AID

Pikeville College grants "workships" (not free scholarships) to certain students of superior record and genuine need. Work is offered in the amount of ten hours a week for the year to pay full tuition ($90.00); or fourteen hours a week to pay tuition and room rent. No applicant will be considered whose high school record has been below a C average, and no student will be continued in a workship if his college average falls below C in any semester. Time for correspondence and investigation must be allowed after each application is received; a confidential statement of family finances is also required. No workship is awarded without an application accompanied by a $5 deposit which is later applied to the account of a student at entrance. For 1943 the committee of awards will vote first on applications during July; a second meeting will be held about August 15. Early applications are recommended.

STUDENT LOAN ENDOWMENT FUND

Income from the following invested funds is made available to students of the Sophomore class in the form of student loans. Application for such loans must be made in writing.

The Elizabeth A. Smith Scholarship Fund, endowed with $2,000 by her daughter, Mrs. Mary Smith Pegan.

The Mrs. Augusta Dana Chase Scholarship Fund endowed with $1,000 by the Southern Industrial Educational Association through the Philadelphia Auxiliary.

The Clara E. Simmons Scholarship Fund, endowed with $500 by Mr. and Mrs. Conrad Simmons.

The George N. Reed Scholarship Fund, endowed with $1,000 from the estate of the late George N. Reed.

The George A. Taylor, Jr. Book Fund, endowed with $1,000 by the First Presbyterian Church of Wilkinsburg, Pennsylvania.

The Mrs. Rosanna Powell Loan Fund, endowed with $100.

The Edith Loan Fund, endowed with $2,105.

The Park Presbyterian Bible School Loan Fund, endowed with $100.

The Robert A. Cochran Loan Fund, endowed with $5,000 from the estate of the late Robert A. Cochran.

The W. A. Patterson Loan Fund, endowed with $100 from the estate of the late W. A. Patterson.

The Frank Mechling Loan Fund, endowed with $100.

The Melzar D. McClelland Fund, endowed with $100.

The John Strong Loan Fund, endowed with $200.

The Margaret E. Record Bible Class (women's class) of the Pikeville Presbyterian Church has for the past several years made regular loans to selected students. As these loans are repaid a revolving loan fund is being established in the name of the class.

The Sophomore Class of 1941 established the beginnings of a student loan fund to be known as the Sophomore Fund. It is the hope of the Class that future classes will add to this fund from year to year.

PRIZES

The Dr. W. C. Condit prize of a gold watch is awarded each year to the member of the junior college graduating

class who has achieved the highest scholastic standing over the entire junior college course, at least sixty-four semester hours of which shall have been taken at this college.

The Margaret E. Record prize is awarded under similar conditions to the member of the junior college graduating class who has achieved the second highest standing.

No student shall be eligible for either of these prizes whose scholastic standing over the entire junior college course is less than 2.00 (average of B), and whose attendance and conduct are not satisfactory.

TUITION AND SPECIAL FEES

Tuition for college students is $45.00 per semester; for students in the Academy, $20.00 per semester; tuition is payable in advance. Since the expenditures for a semester are based largely upon the enrollment at the beginning of that semester, tuition will not be refunded after the first week. When, however, a student is compelled to be absent from school on account of proven illness, for more than nine weeks, one half of the tuition will be credited toward the tuition of the same student in a subsequent semester.

Students carrying fewer than 12 semester hours and more than 4 hours are charged a tuition fee of $4.00 per hour; students carrying fewer than 4 hours are charged a tuition fee of $5.00 per hour.

All College students pay at registration, each semester, an activity fee of $3.50. These fees entitle the student to admission to all the regularly scheduled athletic and forensic contests of the year; the use of the gymnasium at specified times; subscription to the college newspaper, "The Record"; admission to all Lyceum entertainments, and one copy of the College year book, "The Highlander." Activity fees are not refunded.

In most of the science classes laboratory fees are charged, the amounts of which are listed under the descriptions of the subjects. These fees are payable at the beginning of the semester and are not refunded.

A fee of $5.00 per semester is required of each student who registers for typewriting.

All graduates pay a fee of $5.00, which covers the cost of diploma, and cap and gown rental.

Early registration is advised. A late registration fee of $2.00 is assessed against all students who enter after

the registration days appointed. The fee may be avoided, in case of proven necessity, if arrangements be made with dean or registrar in advance.

Registration is not complete and no student is enrolled in any class, until satisfactory settlement for all fees due at the opening of the semester, including room rent, tuition, laboratory and activity fees, has been made with the Treasurer's office.

ROOMS

Rooms in the Derriana, the dormitory for young ladies, are for two students; the rent is $18.00 per semester for each student.

Rooms in Wickham Hall, the dormitory for young men, are for two students; the rent is $18.00 per semester, for each student.

Room rent is payable at the beginning of each semester and is not refunded.

Each student rooming in the dormitories must furnish sheets, blankets, pillow slips and towels. Upon entering the dormitory the student pays the matron a key deposit of $1.00 which is refunded when the key is returned. Young men rooming in Wickham Hall may rent blankets for fifty cents each, per semester.

Rooms may be reserved before the opening of the semester by making a deposit of $5.00 with the Secretary. This reservation fee will not be refunded, but will be deducted from the room rent payable at registration.

All out-of-town students must live in dormitories unless granted permission, in advance, to live elsewhere by the president or the dean. Such permission may be granted to students who can make large savings through opportunities to work for room and board; or to students who can live in homes of close relatives.

All dormitory students board in Wickham Hall dining room. A semester's board costs $72.00 a semester.

TEXTBOOKS

A student book store, in which used textbooks are purchased and sold, is operated on the main floor of the Administration Building. Students may save money by the purchase of used textbooks, and by the sale of books after the completion of courses.

SUMMARY OF EXPENSES

Following are estimates of the expenses of one semester in each department:

Junior College

Tuition	$ 45.00
Activity Fee	3.50
Room	18.00
Laboratory fee (average)	3.00
Books (estimated)	11.00
Board	72.00
ESTIMATED TOTAL FOR ONE SEMESTER	$152.50

Academy

Tuition	$ 20.00
Room	18.00
Laboratory fee (average)	2.00
Books (estimated)	10.00
Board	72.00
Activity fee	2.00
ESTIMATED TOTAL FOR ONE SEMESTER	$124.00

SELF-SUPPORT

There are opportunities for a number of students to support themselves partially while in school. Several boys and girls can be supplied with work at the cafeteria, for which they receive an allowance on their fees. A few boys are employed in doing janitor work, to help pay their expenses. There are also some openings for boys to work in town. They will be permitted to do this as long as it does not interfere with their school duties.

REGISTRATION, 1942-43

(* Indicates fall semester only; † Indicates spring semester only.)

Junior College

SOPHOMORE CLASS

Adams, Bill McKinley ..... Whitesburg, Ky.
